

Hai-Long He

Ph.D. candidate – Grade 2015

Email: hehl@shanghaitech.edu.cn

Ph: +86 13127859385

Hometown: Dazhou, Sichuan. China

■ EDUCATION

- 2011-2015 B.sc. Northeastern University(Shenyang)
- 2012-2013 Exchange Student, Jilin University
- 2015-present Ph.D. candidate, ShanghaiTech University

■ PERSONAL INFORMATION

Love people, and love myself.

I am very interested in synthesizing homogenous nano-size MOFs, and then applying them on water treatment, catalysis, methane storage and so on, because it can protect lots of nanoparticles and also we can functionalize it. Our group is trying to build a positive, efficient communication, unity and mutual assistance atmosphere, here full of hope.

■ RESEARCH INTERESTS

Synthesizing Homogenous Nano-size MOFs

Organocatalysis

Methane Storage

Water Treatment

■ FELLOWSHIPS AND AWARDS:

Merit Student of ShanghaiTech University(2016)

■ PROFESSIONAL SKILLS

Instrument: PXRD SXR D SEM XPS NMR ICP-OES EA Ads.

Software: Mercury, MS, Origin, Chem draw.
